

Again this year, we will be issuing passes for Comet Field parking and providing shuttle bus service to and from the high school. Please review the guidelines below as they pertain to parking at Comet Field and riding the shuttle.

- Students must display their parking pass on their rear view mirror of their vehicle while parked at Comet Field.
- Students who park at Comet Field will receive a shuttle bus pass. This pass entitles the owner to use the shuttle bus to and from Comet Field. This pass must be presented to the bus driver daily to ride the shuttle. After September 1st, student drivers and their passengers will need a shuttle pass to ride the bus to and from Comet Field. Shuttle passes will be distributed in student's Block 1 classes.
- If a student has a passenger(s) who rides with them to school, those passenger(s) must be added to the passenger list by the driver to obtain a shuttle pass. Passengers must pick their own shuttle pass. Any passenger changes throughout the year must be made by the driver in the main office.
- Please keep your shuttle pass in a safe place. If a student should lose their pass, they may receive another copy from the main office.
- Shuttle bus passes are personalized and are not transferable to other students. Any student misuse of shuttle passes may result in loss of parking and/or shuttle privileges.
- The AM shuttle will depart Comet Field from the field house starting at 7:15 AM. The last AM shuttle will leave the field house at 7:25 AM. Students who arrive after the 7:25 AM will need to wait at the fieldhouse for the late shuttle bus. Students riding the late shuttle bus to school will be marked tardy to school and receive appropriate consequences.
- The PM shuttle will depart the high school from the Auditorium entrance after 2:35 PM. Students must present the shuttle bus pass in order to be dismissed from their Block 4 class at 2:35 PM. Once leaving class, students should move directly to the PM shuttle, board the bus immediately, and fill in all of the seats.
- If a student arrives at school late and has a Comet Field parking pass, please park at Comet Field. There will be a shuttle waiting. Students will need to show their pass to ride the shuttle. If a shuttle is not available, please call the high school receptionist at 872-9520 x1800.
- If a student needs to leave school during normal hours and has a Comet Field parking pass, the student should report to the attendance office located in Central Complex. From there, a shuttle will be called to transport the student to Comet Field. Students will need to show their pass to ride the shuttle.

If you have any questions concerning parking passes or shuttle bus procedures, please contact the main office or email Dr. D'Amico. Thank you for your cooperation.
